

Dear Sir or Madam:

On behalf of the Jackrabbit Track & Field club in Suwanee, Georgia (Gwinnett County), I am writing to invite you to join our team as a corporate sponsor. Our track club has 38 boys and girls from Gwinnett County between the ages of 7 and 18 years old. We participate in American Athletic Union (AAU) & USA Track and Field (USATF) sanctioned track competitions locally and nationally.

2009 was our first Summer track season and our athletes trained and practiced 2-3 days a week and competed every weekend during the Summer. Although track & Field was new to about 90% of our club members, they performed and trained exceptionally well. In fact, we had two athletes qualify for the 2009 AAU Junior Olympics (7 year old Nahil Perkins & 13 year old Laniesha Kears).

Jackrabbit is currently seeking financial sponsors for our 2010 track season. We are expecting our numbers to almost double, and we need help with uniforms, travel expenses, supplies and operating costs. Our program is young and new with endless potential for great success. Any amount you can provide or donate would be greatly appreciated. We have already inspired a great group of kids through track & field and would like to keep our efforts going. If you need more information about our organization please visit our website at JackrabbitClub.Com. We are a Non-Profit organization through Jackrabbit Sports Corporation. (Make checks payable to: Jackrabbit Sports Corporation)

The top 5 sponsors will have their company logo posted on the Jackrabbit website and placed on a banner that will be displayed at every track meet Jackrabbit attends. Thank you in advance.

Best Regards,
Andre H. Al-Ghani-Founder

"The team mission is to produce quality youth through the promotion of fitness, sportsmanship and the encouragement of high academic achievement. We will build confidence, instill drive and give comfort to every child. The Jackrabbit Track & Field Clinic goals are to encourage and help young people to develop physically, emotionally and socially through their involvement in track and field."
